Fire and Rescue Service

Human Resources Department
Human Resources Specialist
Candidate Information Pack

Welcome from Helen MacArthur, Assistant Chief Fire Officer

When people think of the Fire and Rescue Service, they tend to think of Firefighters responding to emergency calls, and although this is a reality, the roles and responsibilities within North Wales Fire and Rescue Service go far beyond these traditional images.

The Service employs people in a variety of diverse and challenging roles, and the vital work carried out behind the scenes is just as crucial in helping to make North Wales a safer place to live, work and visit.

Our organisation is made up of people, and our Human Resources department play a key role in supporting the Service to achieve their objectives in relation to our people and organisational development. The team are responsible for managing the employee life cycle, from recruiting and onboarding new employees to providing professional expertise, support and advice to managers and employees alike about our people related processes and strategies.

The role of Human Resources in a frontline emergency service is challenging, varied and exciting and involves many diverse tasks and responsibilities, to ensure that the Service can continue to protect the communities we serve.

Does this sound interesting? We're looking for a HR professional to join our team and help us to continue to deliver our people processes.

Who we are

North Wales Fire and Rescue Service's purpose is to Prevent, Protect, and Respond. To do this we employ around 900 staff in operational and support roles.

We help to protect an area covering around 2,400 square miles and a resident population of over 700,000 people, as well as hundreds of thousands of visitors who travel in and out of North Wales every year.

On average, we go to around 2,000 fires and 1,000 non-fire emergencies such as road traffic collisions and flooding events every year. We also attend around 2,000 emergency calls that turn out to be false alarms.

We carry out extensive fire prevention work by visiting people in their homes, attending events, engaging with children and young people, and working with partners to educate and inform local communities. We also maintain an active presence in the media, including on social media.

Another part of our work is in a fire safety enforcement role, so we visit businesses and workplaces to make sure that the people responsible for those premises are keeping their fire safety arrangements up to standard.

North Wales Fire and Rescue Service is a professional and friendly place to work. We offer a supportive culture where we work hard to uphold our core values.

You can read more about our Core Values on the next page.

For more information about the Service please visit the [North Wales Fire and Rescue Service website](https://www.northwalesfire.gov.wales).

Our Core Values

North Wales:

A place to live, work and visit

Within the region of North Wales is Conwy, Denbighshire, Flintshire, Gwynedd, Wrexham and Ynys Mon (pronounced 'un-iss morn,' also known as Anglesey). Each county has something special to offer, whether you are looking for action and adventure or culture and heritage. Living and working in North Wales offers an excellent environment for anyone seeking an enhanced quality of life.

Long regarded as one of the most beautiful places in the UK, the area has much to offer. Being an area of outstanding landscape ranging from extensive sandy beaches and headlands to sheltered valleys, open moors and rugged mountains, there is something for everyone to enjoy. Tourism is a big contributor to the local economy with a wide variety of facilities across the region to attract the different visitors to the area each year, from high adrenaline zip lines, adventure parks and water sports to more relaxing walks exploring towns and countryside or visiting historical and cultural landmarks, including castles.

Whilst North Wales is close to nature and has open spaces close by, it is also well connected to the hustle and bustle of major towns and cities in the North West of England, such as Chester, Liverpool and Manchester. Rail transport links also connect the North Wales coast to major cities across the UK, with direct trains to London (in 3 – 4 hours), Birmingham and Manchester among others.

Food and drink play an important part of Welsh culture with food festivals and farmers markets taking place across the region to showcase the best food and drinks that Wales has to offer. Utilising locally sourced and seasonal produce, including freshly caught fish, tender local lamb,

cheese, wine, ales and gin, there are plenty of places to eat catering to different tastes, including fine dining, gastro-pubs and bistro's as well as country pubs, tea rooms and cafés.

As per the 2021 Census, Wales has a population of just over 3.1 million, with approximately 18% of the population being Welsh speakers. The Welsh are passionate about the language, sport and culture with competitive festivals of Welsh music, poetry and art taking place annually - known as an Eisteddfod (pronounced ace-teth-vod). They are cultural festivals held through the medium of Welsh, providing a national stage for music, dance, literature, visual arts and performance. Whilst Welsh language is an important part of an Eisteddfod, the events are inclusive for all people to get involved so you don't need to be a Welsh speaker to attend and enjoy the day. People of all ages and abilities, including Welsh language learners are encouraged to participate in Eisteddfods, with the International Eisteddfod in Llangollen being held annually at the start of August, bringing together participants from all over the world to celebrate the different cultures, music and arts in one place.

The Role

At North Wales Fire and Rescue Service everyone contributes in one way or another to helping to protect our communities and the natural environment. As a Human Resources Specialist, you will be part of the busy Human Resources Team, providing an efficient and cost effective service.

Reporting to the Head of Human Resources and working as a valuable member of the small, busy team, you will provide comprehensive and effective professional HR support and advice to managers and employees on a range of HR related matters within the service area. You will also undertake recruiting and resourcing activities and may support HR related initiatives and projects to fulfil the people and Service objectives.

You will provide a proactive and innovative human resource advisory service to management and employees across a wide range of HR activities, including recruitment, attendance management, disciplinary, grievance, mediation, performance and change management. You will ideally be CIPD qualified or working towards the Level 7 qualification and experience of working in a HR environment is essential, with good sound knowledge of employment law and HR related processes.

You will be a strong and effective communicator with good interpersonal skills and have the ability to work across all levels. Working within a busy HR team supporting a frontline emergency service, the role is varied and the ability to work under pressure to meet deadlines is essential. You will also need to be flexible and adaptable to changes through the day to react and respond to requests as received.

You will also produce statistical and monitoring reports for management and to comply with our statutory reporting requirements, you will need to be computer literate and familiar with Microsoft Office packages, in particular word and excel.

The Service treats the English and Welsh languages equally. We will consider applications from individuals who are committed to improving their Welsh language skills.
