Subject	Audit Wales Review of Corporate Resilience

PURPOSE OF REPORT

- 1 This report is to present to Members the findings of a review by Audit Wales of the Authority's corporate resilience. Members will have an opportunity to discuss the review report with the authors at the meeting.

EXECUTIVE SUMMARY

- 2 In 2020/21, Audit Wales completed a review of corporate resilience in each of the three fire and rescue authorities (FRAs) in Wales.
- 3 In relation to North Wales FRA, the review concluded that "the Authority has demonstrated its short-term resilience but needs to take some major decisions to remain resilient in the future".
- 4 The review report (appendix 1) presents three proposals for improvement which relate to the Authority's governance arrangements, succession planning and location of fire stations.

RECOMMENDATION

- 5 Members are asked to note the findings of the report.

BACKGROUND

- 6 Following on from work undertaken by Audit Wales between 2018 and 2020 it had become apparent to the auditors that FRAs in Wales were facing significant corporate challenges.
- 7 For 2020/21, therefore, Audit Wales undertook a review at each FRA to help inform the Auditor General's conclusions in relation to his duties and to provide assurance on how well each FRA is addressing the financial and capacity challenges that all public bodies face. The review sought to establish whether the FRA was effectively managing its resources to secure its long-term resilience.

- 8 The review was intended to provide a commentary on how resilient and sustainable each FRA is and also to consider the impact of COVID-19 and the risks from the recovery planning phase that all public bodies will undergo.
- 9 Audit Wales anticipated that this work would provide assurance to the Authority on the risks it faces and also the Welsh Government on the challenges facing the sector.

INFORMATION

- 10 Overall, Audit Wales concluded that the Authority has demonstrated its short-term resilience but needs to take some major decisions to remain resilient in the future. Specifically, it found that the Authority:
 - has managed budgets well, but some key risks need to be addressed to remain financially sustainable;
 - has an appropriate governance framework but Members need to play a more central role in addressing the big risks facing the Fire and Rescue Service;
 - has a resilient workforce and has dealt well with immediate challenges, but there are some medium-term risks that need to be managed to ensure services are sustainable;
 - has good examples of how it is integrating assets and developing its use of technology but there are some long standing challenges that need to be addressed to help support future resilience;
 - has business continuity plans that helped maintain corporate and operational resilience in responding to the pandemic.
- 11 The report proposes that:
 - the Authority reviews the effectiveness of its governance arrangements to provide assurance that current arrangements support robust scrutiny, are holding officers to account and are focussed on addressing the big risks facing the Fire and Rescue Service;
 - in order to improve succession planning the Authority should restart and build on its high potential candidates programme;
 - in order to support resilience the Authority should review station locations to identify opportunities to optimise emergency response arrangements.

IMPLICATIONS

Well-being Objectives	The review looked at whether the Authority is effectively managing its resources to secure its long-term resilience. This is consistent with the Authority's long-term well-being objectives and contributes to ensuring the sustainability of its services.
Budget	No budgetary impact identified yet, but responding to the proposals within the report have the potential to affect future budgets.
Legal	No immediate effects, but legal implications for the Authority would need to be considered if planning any actions to increase the effectiveness of its governance arrangements.
Staffing	None arising directly from the report, but the implications on staffing would need to be considered when responding to the report's proposals.
Equalities/Human Rights/ Welsh Language	None arising directly from the report, but planned changes would need to be assessed in relation to these aspects during their development and implications.
Risks	The report refers to various risks facing the Authority, and presents proposals that could help improve its overall risk profile.

Subject	Strategic Risk Management

PURPOSE OF REPORT

1. To summarise the content of the Authority's strategic risk register in accordance with the Strategic Risk Management Policy.

EXECUTIVE SUMMARY

2. Through regular review, a number of risks are identified as having the potential to prevent the Authority from achieving its planned outcomes and/or delivering its core functions. Of the full range of risks, the ones that are currently considered to be the highest relate to the Authority's level of resilience to either an attack on its computer systems or to a sudden loss of staff with specialist knowledge and/or experience of the Service's business. Even with planned countermeasures, these are likely to remain at a high risk level.

RECOMMENDATIONS

3. That Members note the identified strategic risks that are facing the Authority.

BACKGROUND

4. The Authority's adopted Strategic Risk Management Policy defines strategic risk as "an event that, should it occur, would impact on the achievement of the Authority's planned outcomes and/or the delivery of its core functions".
5. The Authority's Strategic Risk Register lists known risks that could potentially prevent the Authority from achieving its planned outcomes and/or delivering its core functions. Register entries are ascribed risk scores that are regularly re-evaluated by officers to reflect the current state and the predicted effect of planned countermeasures.

6. Under this policy, the Executive Panel receives a summary report on strategic risks at least twice a year. Between times, the Chair and Deputy Chair of the Authority are able to view the full detail of the register with officers.
7. The Strategic Risk Register records both current risk levels and future risk levels (based on an assumption that planned countermeasures will have had the desired effect).
8. Risk levels are based on an evaluation of the likelihood that something might happen and the consequences if it did. Descriptions are provided for information at Appendix 1.

INFORMATION

9. Officers continue to review and update the risk register, adding, removing and re-scoring risks as appropriate. A summary of the current register entries is provided at Appendix 2.

IMPLICATIONS

Well-being Objectives	Maintaining the register and taking action to manage risk increases the likelihood that the Authority's well-being objectives will be achieved.
Budget	Maintaining the register helps prioritise spending decisions that would reduce risk levels.
Legal	Maintaining the register helps to ensure the Authority's compliance with laws that define its functions and how it operates.
Staffing	No specific implications identified.
Equalities/Human Rights/Welsh Language	No specific implications identified.
Risks	An accidental release of the register could expose the Authority to harm.

Risk analysis

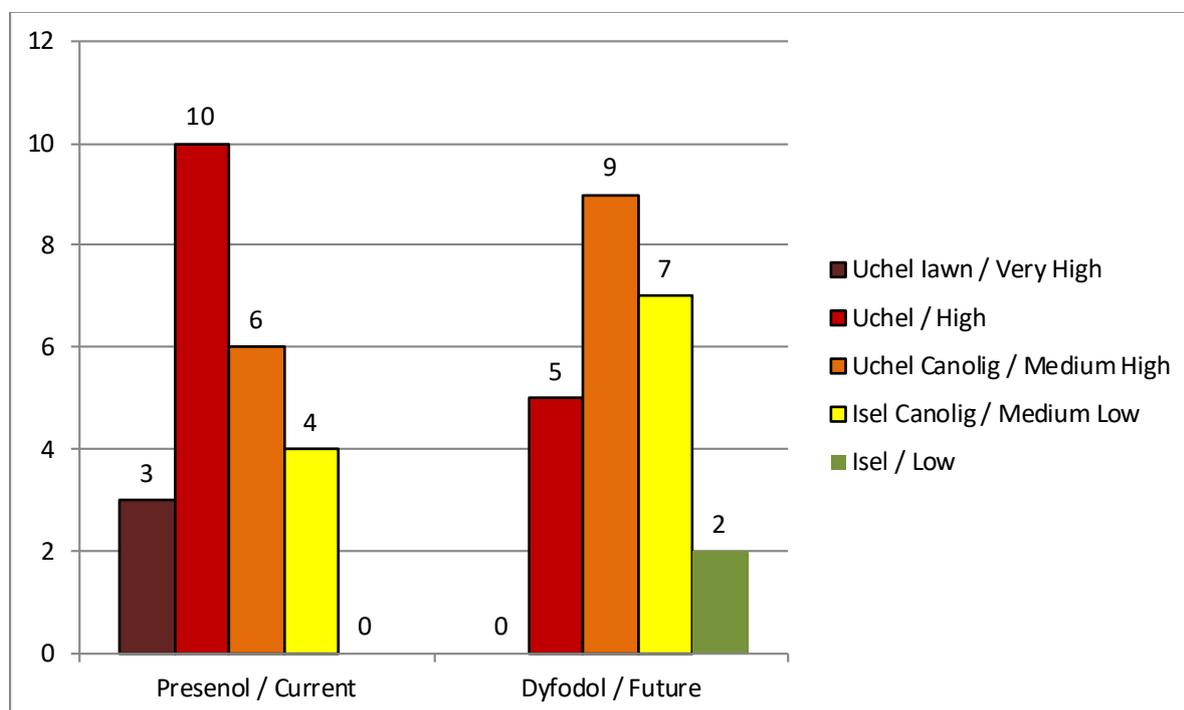

LIKELIHOOD	5 Almost certain	5	10	15	20	25
	4 Likely	4	8	12	16	20

Risk priority scale

Value	Priority scale
20-25	Very high - risk is intolerably high
12-16	High - risk is substantial
8-10	Medium high - risk is moderate
4-6	Medium low - risk is tolerable
1-3	Low

Strategic Risk Register as at 10/05/2021

- I. The chart below illustrates the current and future levels ascribed to identified strategic risks facing the Authority.

II. Very high risk

Three risks have been identified as presenting a very high risk to the Authority. These relate to:

- the risk of attack on the Service's computer systems;
- the ability to deliver core services or to recruit and train new staff quickly enough to maintain current capacity in the event of a viral pandemic, such as coronavirus;
- the level of resilience to sudden loss of staff with specialist knowledge and/or experience of the Service's business;

With planned countermeasures it is anticipated that these will reduce to a high risk level.

III. High risk

Ten risks have been identified as presenting a high risk to the Authority. In summary, and in no particular order, these relate to:

- terrorist and/or criminal misappropriation of assets;
- unanticipated (permanent or semi-permanent) depletion of staff affecting emergency response capability;

- insufficient funds or resources to deliver core services or to maintain risk-critical systems;
- failure to secure sufficient operational resources;
- the Service's capacity to deal with additional (externally imposed) burdens;
- the possibility of a personal data breach under GDPR;
- disruption of established relationships with local government partners;
- the impact of an ageing workforce profile;
- the importance for service delivery of a fit and healthy workforce;
- maintaining the ability to provide risk information electronically to operational staff.

With planned countermeasures it is anticipated that two will remain at a high risk level, five will be reduced to a medium high risk level, two will be reduced to a medium low risk level and one will be reduced to a low risk level.

IV. Medium high risk

Six medium high risks have been identified. In summary and in no particular order, these relate to: the impact of changes to governance arrangements for FRAs in Wales; a serious injury to a member of staff whilst at work; a delay in the planned national communications project; insufficient grant funding to continue to deliver fire prevention activities; the inherent risks associated with diversification of services and involvement in partnership projects and maintaining operational consistency with other UK Fire and Rescue Services.

With planned countermeasures it is anticipated that four would remain at medium high risk level, and two would reduce to a medium low risk level.

V. Medium low risk

Four medium low risks have been identified. In summary and in no particular order, these relate to: ineffective or deficient decision-making at Authority level; ineffective corporate communications; failing to anticipate and tackle problems in good time; and the impact on delivery of services of strike or industrial action.

With planned countermeasures, three of these risks would remain at medium low risk level and one would be reduced to a low risk level.

Contact Officer	Helen Howard, Head of Finance (01745 535286)	
Subject	Annual Governance Statement 2020/21	

PURPOSE OF REPORT

- 1 This report is to present to members the draft Annual Governance Statement for 2020/21.

EXECUTIVE SUMMARY

- 2 The CIPFA/Solace Delivering Good Governance in Local Government Framework (2016) (the Code) requires the Fire and Rescue Authority (the Authority) to publish an Annual Governance Statement.
- 3 The Annual Governance Statement for 2020/21 is set out in Appendix 1 and has been prepared in accordance with the principles set out in the Code, which covers seven key areas of governance.
- 4 In accordance with the Code a forward work programme for 2021/22 is contained within the Annual Governance Statement.
- 5 The Annual Governance Statement will be published as part of the production of the statutory financial statements for 2020/21.
- 6 An assessment will be made by the external auditor to confirm whether it is consistent with the financial statements and has been produced in line with the Code.

RECOMMENDATION

- 7 Members are asked to recommend approval of the governance arrangements and action plan as outlined within the 2020/21 Annual Governance Statement (Appendix 1).

BACKGROUND

- 8 Since 2010/11 all local government bodies have been required, by the Accounts and Audit Regulations 2015, to prepare an Annual Governance Statement which is published as part of the Statutory Accounts.

- 9 The purpose of the Annual Governance Statement is to assess and demonstrate that there is a sound system of corporate governance throughout the organisation.

INFORMATION

- 10 CIPFA and Solace introduced a new governance framework, Developing Good Governance in Local Government: Framework, in April 2016, with seven new governance principles. By adopting the Framework the Authority should be ensuring that its governance arrangements in practice are in accordance with the principles. In essence, it is an accountability statement from the Authority to stakeholders on how well it has delivered on governance over the course of the previous year. The benchmarks that are used to make that statement are the principles in the Framework.
- 11 The purpose of the Annual Governance Statement is to set out the Authority's arrangements to ensure that:
- business is conducted in accordance with all relevant laws and regulations;
 - public money is safeguarded and properly accounted for; and
 - resources are used economically, efficiently and effectively to achieve agreed priorities which benefit local people.
- 12 The Annual Governance Statement for 2020/21 is set out in Appendix 1. It provides an overview of the governance arrangements and confirms the work plan for 2021/22.
- 13 The Annual Governance Statement is reviewed by Audit Wales to confirm that it is consistent with its knowledge of the Authority and the financial statements.

IMPLICATIONS

Wellbeing Objectives	This report links to NWFRA's long-term well-being objectives and demonstrates the governance arrangements in place to enable the Service to provide emergency responses and prevention work well in to the future.
Budget	Not applicable
Legal	The Annual Governance Statement has been prepared in accordance with the prescribed standards.
Staffing	None
Equalities/Human Rights/ Welsh Language	None
Risks	A sound governance framework supports the Authority's risk management arrangements.

North Wales Fire and Rescue Authority Annual Governance Statement 2020-21

Delivering Good Governance Framework

The CIPFA/Solace Delivering Good Governance in Local Government Framework (2016) (the Framework) requires the Fire and Rescue Authority to publish an Annual Governance Statement, and to be responsible for ensuring that:

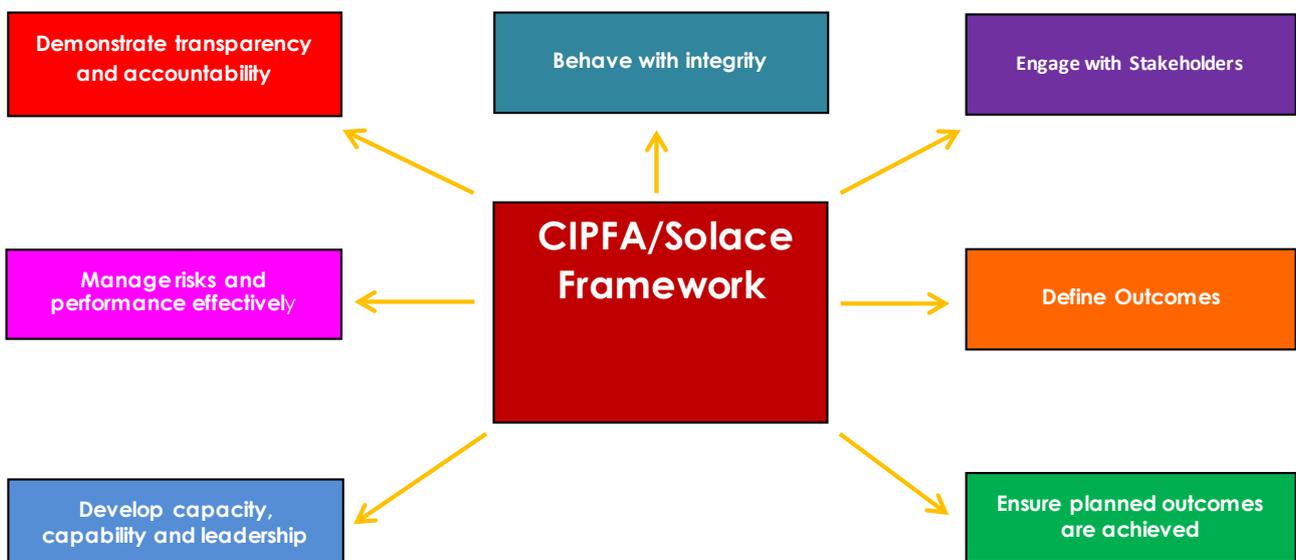

- business is conducted in accordance with all relevant laws and regulations;
- public money is safeguarded and properly accounted for ; and
- resources are used economically, efficiently and effectively to achieve agreed priorities which benefit local people.

To fulfil its wide range of functions, the Authority must satisfy a range of political, economic, social and environmental objectives over the short, medium and longer term. This subjects it to a different set of external and internal constraints and incentives from those found in the private sector, all of which affect its governance arrangements. A key piece of legislation in Wales is the Well-being of Future Generations (Wales) Act 2015, which requires the Authority to consider the longer term in making its decisions and to work collaboratively with other public bodies to improve well-being in Wales.

Stakeholders are, therefore, interested in issues such as:

- whether the Authority's planned outputs have been delivered and outcomes achieved; and
- whether this has been done in an efficient, economic, effective and equitable manner.

The core principles underpinning the CIPFA/Solace Framework are set out below. The following pages detail how the Authority is meeting these principles.

Summary: Governance Arrangements

The Authority is required to review the effectiveness of its arrangements each year to ensure that there is a sound system of governance. The key contributors to this process are summarised on page 12 and include:

Regularly reviewing the effectiveness of the Authority's Constitution.

Having an Authority and committee structure that:

- monitors the effectiveness of risk management arrangements;
- regularly reviews the governance arrangements;
- considers and reviews internal and external audit strategies, plans and reports; and
- reviews, scrutinises and approves the annual statement of accounts.

Having an Executive Group that:

- provides leadership on governance;
- contributes to the completion and review of the Annual Governance Statement; and
- provides clear direction to the Service and senior managers.

The use of information from various sources to inform the governance arrangements, for example:

- performance reports;
- risk management arrangements;
- external regulator reports; and
- the Internal Audit Annual Report.

Achievements against the core principles are set out within pages 5 – 11. The Authority's agreed improvement actions for 2020/21 are contained on page 13, which confirms the progress made.

Covid-19 Governance Impact

Throughout the Coronavirus pandemic the Authority have maintained an emergency response across North Wales, whilst putting the necessary control measures in place to reduce the risks associated with Covid-19 and to maintain the health, safety and wellbeing of our staff and the communities that we serve.

Whilst we were still able to deliver our emergency response, this has impacted on our 'business as usual' for non-emergency service delivery. Where possible, alternative models are being used to continue the delivery of our services.

In addition staff have undergone training, in order to be seconded to the Welsh Ambulance Service, to assist with driving ambulances and have also helped Betsi Cadwaladr Health Board with the Covid-19 vaccine rollout. Covid-19 will continue to have an impact on the Authority's governance arrangements as summarised below:

- Impact on business as usual delivery of services;
- New areas of activity as part of the national pandemic response and any governance issues arising;
- The funding of the financial implications and logistical consequences of delivering the local government response; and
- Assessment of the long-term implications arising from the pandemic and developing sustainable models of future working.

This continues to be closely monitored including a review of the actions taken to inform our ongoing response and readiness in the event of further spikes.

A number of meetings were cancelled during the lockdown period and arrangements were made for members' decisions to be made following an exchange of emails.

The Welsh Government has issued the Local Authorities (Coronavirus) (Meetings) (Wales) Regulations 2020. These regulations make temporary provision until 1 May 2021, in relation to fire and rescue authority meetings, and for public and press access to these meetings during the COVID-19 emergency. Moving forward remote meetings will be held during the period that social distancing arrangements are in place.

During the lockdown period temporary governance arrangements have been approved to enable essential decision making to continue, including:

- 1 The scheduled annual, business and committee meetings of NWFRA up to December 2020 were replaced by a single meeting of the full Authority conducted via videoconferencing on 9 November 2020;
- 2 Part of the agenda at the November meeting was dedicated to matters that would normally be dealt with at the Authority's annual meeting, including the election of Chairs and Deputy Chairs of the Authority and the Audit Committee for the period up to the next annual meeting in June 2021;
- 3 From September 2020 onwards, informal, closed sessions were held for all Members to receive information from officers and to discuss key issues ahead of the November 2020 meeting. These sessions focused primarily on shaping the Authority's improvement priorities and budget-setting for 2021/22; and
- 4 Online meetings have now commenced for the Executive Panel, Audit Committee and Authority meetings. These are likely to continue throughout 2021/22.

Actions for 2021/22 and monitoring arrangements

The action plan for 2021/22 is set out in Appendix A, which will be monitored, quarterly by the Executive Group.

Core Principles

Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

- The Constitution sets out the responsibilities of the Fire and Rescue Authority and its committees and includes the Scheme of Delegation to Officers.
- The Monitoring Officer ensures that decisions taken are within the law and comply with the provisions of the Constitution.
- The Constitution includes the Code of Conduct for Members and this is monitored by the Standards Committee.
- Where necessary legal advice is sought to inform decision making.
- Codes of Conduct for Members and Officers are in place, which requires the declaration of business interests and recording of the receipt of gifts and/or hospitality.
- The Authority has a procedure to receive and respond to any complaints received. A summary report of complaints and appreciations is provided to the Fire and Rescue Authority annually.
- Key policies are in place to prevent and minimise the risk of fraud. Policies include: Whistleblowing Policy, Anti-Fraud and Corruption Policy and Financial Regulations and Contract Procedure Rules. Where irregularity is suspected arrangements are in place to ensure that it is thoroughly investigated.
- The recruitment policy, induction and training processes incorporate personal behaviours with ethical values. The core values of the Service are fully embedded and include; service to the community, striving for excellence, people and diversity and inclusivity.
- Attainment of the Public Health Wales Corporate Health Bronze and Platinum awards.
- The Inclusive Fire Service Group (IFSG) considers matters relating to equality, diversity and cultural issues. The Group reviewed and updated the core values in 2019/20 to reflect our modern and professional ways of working - [core-values](#)
- Disciplinary cases and any allegations of wrongdoing are investigated in accordance with the Service's Discipline Handbook.
- A Strategic Equality Plan is published in compliance with the Equality Act 2010. Equality objectives are reviewed annually and monitored throughout the year.
- As part of our commitment to the Welsh language, all new members of staff are required to achieve a minimum of Level 2 Welsh language skills.
- The Improvement and Well-being Plan is published on the Authority's website. This details the improvement objectives as required by the Local Government (Wales) Measure 2009, and well-being objectives in accordance with the Well-being of Future Generations (Wales) Act 2015.
- Safeguarding policy and procedure is in place to refer vulnerable people the Service come into contact with, to other agencies.

Core Principles

Ensuring openness and comprehensive stakeholder engagement

- All meetings are advertised and open to the public and full Authority meetings are webcast. Agendas and papers are available on the Authority's website.
- Information is published on the Authority's website as part of the publication scheme. Easy read/read speak/Welsh versions of documents are provided.
- Public consultation arrangements are in place to invite the views of stakeholders prior to developing and implementing key changes. This includes consultation on the Improvement and Well-being Plan
- The commitment to openness is also shown through:
 - completion of impact assessments for all key decisions;
 - the Complaints and Compliments Procedure which includes Authority reporting arrangements;
 - the Public Engagement and Consultation Strategy (presented to the July 2018 meeting of the Executive Panel);
 - engagement with Employee Representative Bodies;
 - membership of the North Wales Equality Group.
- A variety of engagement methods are used including:
 - directed communication using social media, with accounts on Facebook and Twitter. Ability to sign up for email updates on specific issues via the website;
 - engagement with young people via the Phoenix programme, Fire cadets and school visits;
 - community safety engagement with householders and businesses;
 - Positive Action events and attendance at park runs for firefighter recruitment (currently on hold due to the Covid 19 pandemic);
 - attendance at open days/events (currently on hold due to the Covid 19 pandemic) – for example the Eisteddfod;
 - internal communications include the Weekly Brief and Y Fflam newsletter;
 - participation in the Local Resilience Forum's Warning and Informing Group including an agreement to retweet messages to reach a wider audience;
 - public media campaigns, led by the Community Safety Managers.
- Partnership arrangements are in place to deliver certain outcomes. For example, Principal Officers attend the four local Public Services Boards and the Regional Partnership Board.
- Participation in the Emergency Services Collaboration Board and joint training and exercises undertaken.

Core Principles

Defining outcomes in terms of sustainable economic, social and environmental benefits

- The Improvement and Well-being Plan sets the strategic direction for the Authority and details the improvement objectives in accordance with the Local Government (Wales) Measure 2009, and well-being objectives in accordance with the Well-being of Future Generations (Wales) Act 2015.
- The Service has four core values – People, Diversity and Inclusivity, Striving For Excellence and Service to the Community. These summarise the principles and personal values that staff are encouraged to adopt and demonstrate.
- The Service has gained White Ribbon accreditation which demonstrates a commitment to stop violence against women.
- The Service has a statutory duty to put in place business continuity arrangements. Plans across the Service have been updated. There is ongoing collaboration with the other fire and rescue services in Wales to improve planning and consider current risks. The National Issues Committee includes a business continuity work stream.
- The Medium Term Financial Strategy (MTFS) and annual budget process ensures that financial resources are directed to the Authority's priorities.
- Partnership working is undertaken where there are shared objectives and advantages from working together - for example, the Strategic Arson Reduction Board and Public Services Boards.
- The Strategic Risk Management Policy sets out the process used to identify and control exposure to uncertainty, which may impact on the achievement of the objectives or activities. This is reviewed throughout the year to ensure that risks are identified and appropriately assessed. The Corporate Risk Register records these risks, and they are regularly monitored, by the Corporate Planning Department and reported to the Executive Panel.
- Key decisions are subject to an integrated impact assessment, which takes account of [equality](#), protection, health, safety and wellbeing, Welsh language, finance, sustainability and staffing, Well-being of Future Generations (Wales) Act 2015.
- Safeguarding policy and procedure is in place to refer vulnerable people the Service come into contact with, to other agencies.

Core Principles

Determining the interventions necessary to optimise the achievement of the intended outcomes

- Public consultation is carried out as part of setting the Authority's objectives which are set out in the Improvement and Well-being Plan. This outlines how the Authority intends to work together with other public bodies to tackle the complex issues that affect people's lives. An assessment of the Authority's performance is produced in October each year and published.
- The Authority's Strategic Risk Management Policy sets out the process used to identify and control exposure to uncertainty, which may impact on the achievement of the objectives or activities. This is reviewed throughout the year to ensure that risks are appropriately managed.
- Following scrutiny from the Executive Group, performance and financial reports are presented to the Authority and its committees.
- Monitoring of availability, incidents, the workforce and budgets ensures that issues are identified and appropriate interventions agreed.
- National Operational Guidance available and an operational learning forum manages and implements any changes
- There is a significant amount of partnership working across Wales to respond to issues facing the fire sector and other more general public sector issues. Collaboration with multiple agencies is an important aspect of the Authority's work including prevention and protection, responding to incidents and use of resources.
- The budget planning processes ensure budgets are prepared in accordance with objectives, strategies and the Medium Term Financial Strategy (MTFS). This involves input from both Service leads and Authority Members. It shows how the resources will be deployed over the next few years to deliver agreed outcomes and agreed priorities.

Core Principles

Developing the entity's capacity, including the capability of its leadership and the individuals within it

- The Authority's Constitution outlines the roles of elected members and designated officers to enable shared understanding of roles and objectives. The designated posts include the Chief Fire Officer, Treasurer and Monitoring Officer.
- Collaborative and partnership working is in place regionally and nationally. For example, the three fire and rescue services in Wales are part of the all Wales Fire Investigation Training Forum. This supports shared learning and promotes a consistent approach across Wales.
- The All Wales People and Organisational Development Strategy 2018-2021 underpins the commitment to lifelong learning and workplace competence.
- Induction processes are in place for Members and employees. These include an introduction to the organisation's core values, the standards of conduct and the role requirements.
- The development needs of employees are identified through one to one, supervision and appraisal meetings. The Service operates a future leaders programme for staff already employed and has developed a future leader apprenticeship programme, which commences in April 2021, in conjunction with Coleg Llandrillo.
- The health and wellbeing of the workforce is key to the organisation and support is provided to maintain physical and mental wellbeing. This is achieved through a range of measures including HR policies and guidance documents, flexible working approach, the occupational health service and the employee assistance programme.
- The Service has a dedicated training department, with competency frameworks for operational staff. Training is delivered using a variety of methods including e-learning modules which are mandatory for certain subjects e.g. Data Protection.
- Arrangements are in place for internal reviews of compliance with Service standards and health and safety requirements.
- Staff are members of relevant professional bodies and undertake the required continual professional development.

Core Principles

Managing risks and performance through robust internal control and strong public financial management

- The Treasurer is responsible for the proper administration of the Authority's financial affairs as required by S151 Local Government Finance Act 1992.
- The Monitoring Officer ensures compliance with established policies, procedures, laws and regulations.
- The Strategic Risk Management Policy details the process for the identification and control of risks. A corporate risk register is maintained by the Corporate Planning Department and is monitored throughout the year.
- Reports to the Authority and its committees include an integrated impact assessment to inform and support decisions.
- Business continuity arrangements are in place to ensure that critical services can continue to be delivered at all times.
- Management arrangements ensure that recommendations for improvement made by the Internal Auditor are agreed and monitored.
- Members and senior management are provided with regular reports on Service performance against key performance indicators and milestones.
- The Authority has arrangements to maintain registers of Members' personal and business interests and a register of gifts and hospitality.
- Policies for Anti-Fraud and Corruption and Whistle-blowing are in place which confirms the Authority's commitment to operating in a fair and transparent manner.
- Policies and arrangements are in place to manage the handling of data. These are the Data Protection Policy, Freedom of Information Policy, Data Retention Policy and Communications and Information Security Policy. These policies are supplemented with training and the e-learning module on data protection is mandatory for all staff.
- Information sharing protocols have been developed and agreed with partners.
- Financial management supports the delivery of services and transformational change as well as securing good stewardship. A financial update is presented to each Authority meeting, with reports available to the public on the website.
- The Treasury Management arrangements follow professional practices and are reviewed annually by members.
- The Authority's Statements of Accounts are subject to scrutiny by external audit.

Core Principles

Implementing good practices in transparency, reporting and audit to deliver effective accountability

- The Authority, with assistance from the Monitoring Officer, oversees and reviews the adequacy and effectiveness of the governance arrangements and internal control environment.
- Agendas and minutes of meetings are publicly available on the internet along with webcasts of the Authority meetings (when available).
- Authority reports follow a structured format which ensures that key information is presented in a clear and consistent manner to aid decision making.
- The Authority has a publication scheme and complies with the requirements of the Information Commissioner in relation to Freedom of Information requests which ensures the public have access to information held.
- The Improvement and Well-being Plan documents the objectives of the Authority.
- The Annual Statement of Accounts are produced in a user friendly format. This provides clear information on income and expenditure and demonstrates the stewardship of public money for the year. The accounts are submitted for audit by the statutory deadline of 31 May.
- The Annual Pay Policy Statement is approved and published in accordance with the Localism Act 2011. Members' salaries are paid in accordance with the Independent Remuneration Panel decisions and reported on the internet.
- Members and senior officers declare relevant interests in accordance with the Code of Practice on Local Authority Accounting in the UK. These declarations enable the Authority to identify and report any related party transactions.
- The Annual Governance Statement provides transparency on the governance arrangements and the planned improvements for the coming year.
- The Annual Statement of Accounts and Annual Governance Statement are subject to scrutiny and approval in accordance with the Authority's Constitution.
- Audit Wales is the appointed external auditor and provides an opinion on the Statement of Accounts, which is published on the Authority's website. The Authority acts on recommendations and, where necessary, takes corrective action.
- The Internal Audit arrangements include a risk based approach, which provides assurance that key risks are being managed. The Authority acts on recommendations and where necessary, takes corrective action.
- Processes are in place to ensure that recommendations from inspection and regulatory bodies are actioned.

Key Contributors to Developing and Maintaining the Governance Framework

Fire and Rescue Authority	The Authority provides the strategic leadership, political interface and corporate challenge in relation to the provision of fire and rescue services across North Wales, encouraging public participation and conducting its affairs in an open and transparent manner. It agrees the Improvement and Wellbeing Plan, and the revenue and capital budgets.
Executive Panel	Monitors the performance of the Service and makes recommendations to the Authority on its key policies including the Improvement and Wellbeing Plan. The Panel reviews the strategic risk register. Improvement and Risk Reduction Plan.
Planning Working Group	Undertakes detailed work associated with the Authority's planning and budget-setting process. It submits its observations to the Executive Panel which in turn makes recommendations for improvement/risk reduction/well-being objectives to the Authority.
Audit Committee	Provides independent review of the governance, risk management and control frameworks and oversees the financial reporting, including the Treasury Management Strategy and annual accounts.
Standards Committee	Promotes and maintains high standards of conduct by Members of the Authority and oversees the whistle-blowing policy for complaints against Members of the Authority. Also, where statute permits, to receive reports and complaints about Members and to conduct or oversee investigations and make recommendations to the Authority.
Executive Group	Sets and leads the implementation of the governance standards across the Service. Receives the annual improvement plan and feeds into the annual self-assessment.

ACFO (Finance and Resources) Pensions Manager	The government consulted across the public sector between July – October 2020. The detailed proposals have not been issued by government but are expected during 2021/22. The position is reported to each meeting of the Local Pension Board and the Scheme Advisory Board and updates provided to the Authority.

Governance Opinion and Conclusion

The Authority recognises that good governance provides the foundation for the delivery of good quality services that meet the needs of stakeholders and ensures that public money is well spent. This review confirms the governance systems and monitoring in place for 2020/21 and the steps taken to ensure that they are working effectively.

The Authority is satisfied that appropriate governance arrangements are in place and remains committed to enhancing these through the implementation of the action plan for 2021/22.

Annual Governance and Improvement Assessment signed by Chair and Chief Fire Officer

Governance Improvement Action Plan reviewed quarterly by Executive Group

Report to	Executive Panel	
Date	10 May 2021	
Lead Officer	Shân Morris, Assistant Chief Officer	
Contact Officer	Pippa Hardwick, Corporate Planning Manager (03303132683)	
Subject	Performance and governance arrangements	

PURPOSE OF REPORT

- 1 To provide an update for Members about performance and governance arrangements for fire and rescue authorities (FRAs), and to propose an approach that would support the Authority's ability to accommodate anticipated changes to performance and governance arrangements whilst maintaining compliance with existing requirements.

EXECUTIVE SUMMARY

- 2 The Local Government and Elections (Wales) Act 2021 makes provision for making changes to the performance and governance arrangements of FRAs. For those changes to be brought about, the Welsh Government must publish a new Fire and Rescue National Framework, introduce new performance management arrangements and dis-apply the Local Government Measure 2009 in respect of FRAs.
- 3 No specific date has been set after which, or on which these changes will be introduced. The Authority will therefore need to prepare for the changes whilst continuing to comply with current legislative requirements for Improvement and Well-being Planning.
- 4 Work to develop the next National Framework and new performance arrangements for FRAs had started even before the Local Government and Election (Wales) Act 2021 was enacted, but this work was paused on account of the COVID-19 pandemic. The Welsh Government has indicated that this work will resume after this month's Senedd election.
- 5 The Authority has already published a Corporate Plan 2021-24 comprising seven long-term objectives supported by fifty-five planned actions. Rather than follow the familiar pattern of developing and consulting on new objectives for 2022/23, this report recommends that the Authority pursues its existing objectives and uses the forthcoming months to focus on key aspects of its existing Plan.

RECOMMENDATIONS

- 6 That Members
 - (i) note the information provided in this report;
 - (ii) agree that, in anticipation of the changes to the performance and governance arrangements for Welsh fire and rescue authorities, focus for the time being on pursuing the long-term objectives and planned actions already set out in its Corporate Plan 2021-24.

BACKGROUND

- 7 The Welsh Government has acknowledged the complexity of the statutory context for FRA planning in its 2020 report of progress against the Fire and Rescue National Framework. It has also recognised that despite that complexity, “FRAs have done well to produce business and strategic plans which are clear, comprehensive and well-structured. Without exception, they integrate corporate and operational considerations fully, and include clear narrative setting out what the service proposes to achieve and why.”
- 8 Since that report was written, the Local Government and Elections (Wales) Act 2021 has added even more complexity in that it makes provision for changes to FRA performance and governance arrangements but it does not give a date for when these changes will take effect in practice or remove any of the existing duties in the meantime.
- 9 A report to the Executive Panel in February 2021 advised of the introduction of the Local Government and Elections (Wales) Act 2021, and outlined some of the possible implications for the Fire and Rescue Authority.
- 10 In March 2021 Members approved the final draft of the Authority’s Corporate Plan covering three financial years 2021-24. This departure from the Authority’s usual practice of publishing annual plans anticipated the changing landscape of FRA planning requirements and recognised the need for flexibility to respond as and when the statutory changes emerge.

INFORMATION

- 11 The anticipated changes referred to above include the dis-application of the Local Government Measure 2009 in respect of FRAs. This will remove the Authority from the definition of a Welsh Improvement Authority, potentially paving the way to remove some of the restrictions associated with following an annual cycle of improvement planning.

- 12 Before this can happen, however, new performance management arrangements will need to have been developed and published by the Welsh Government, which in turn depends on the development and publication of a new Fire and Rescue National Framework under a new Section 21a of the Fire and Rescue Services Act 2004.
- 13 Fire and Rescue Service Circular W-FRSC(2021) confirms that discussions and work to create a new National Framework and performance arrangements which were paused when the COVID-19 pandemic struck will be resumed following the Senedd elections in May 2021.
- 14 The Welsh Ministers already have powers under Section 20 of the Fire and Rescue Services Act 2004 as regards setting out priorities and objectives for FRAs through a National Framework. The new Section 21a of the Fire and Rescue Services Act 2004 gives powers to the Welsh Ministers to impose requirements in respect of the content of FRA plans, their preparation and revision, their timing and the periods to which they must relate, and their publication.
- 15 Meanwhile, in addition to the Authority's duties under the Local Government Measure 2009, planning duties arising from the Wellbeing of Future Generations Act 2014 remain in force.
- 16 As a statutory member of Public Services Boards, the Authority needs to continue to take into account the existing four local well-being plans and revised plans that will be published by May 2023.
- 17 The FRA also needs to continue to respond to findings or recommendations from external sources such as the Auditor General, the Well-being of Future Generations Commissioner and the Welsh Language Commissioner.
- 18 In recent years the Authority has followed an annual cycle of developing new improvement objectives for the following financial year through a series of meetings of a Planning Working Group comprising the membership of the Executive Panel. As the Authority has already published a three-year plan comprising seven long-term objectives and fifty-five supporting actions, it is proposed that no further objectives need to be developed at this stage so that focus can be maintained on achieving the planned actions.
- 19 Once the changes to the statutory landscape have become clearer, the Authority should then be well placed to take stock of what it will need to do to meet the expectations of the new National Framework and to comply with the revised planning and performance regime.

IMPLICATIONS

Well-being Objectives	No implications identified as the provisions of the Local Government and Elections (Wales) Act 2021 do not specifically change the Authority's duties under the Well-being of Future Generations Act 2015. The blended approach to improvement planning and well-being planning already adopted by the Authority would continue until such time as regulatory changes are introduced.
Budget	Known costs of planned actions have already been incorporated into this year's budget, but complying with new performance and governance regulations could potentially present additional unanticipated cost to the Authority.
Legal	Compliance with changes to the statutory requirements will need to be kept under review.
Staffing	No implications identified.
Equalities/Human Rights/ Welsh Language	The development or amendment of policies, procedures and other arrangements will need to be assessed in relation to these aspects during their development and implementation.
Risks	Given the complexity and unspecified schedule of changes to the Authority's planning, performance and governance arrangements, there is a risk of non-compliance with statutory requirements.
